

Sustainable Medical Waste Treatment Solutions

Better Ideas from STI on Landfill Avoidance and Cost Reduction

Waste To Oil (WTO): STI Biosafe is taking an industry leadership position in shaping future recycling of treated waste. Learn more about our pioneering partnership work with Vadxx Energy and how it may help improve your community relations and eliminate the cost of landfill disposal.

Partnership With Operators (PWO): Our PWO can help you immediately reduce your operating costs with no upfront capital. At the same time, we manage asset service life and uptime while you focus on your work.

It's Time to Demand Better Ideas: To learn more contact Randy McKee at 317-313-8989 or rmckee@stibiosafe.com
